WRITTEN ASSIGNMENTS

As part of the course requirements, you will need to complete three written assignments. The lists of potential topics for these are located at the end of units 3, 4 and 5. Each of these required papers need to be four to six double-spaced pages in length (about 1,000 – 1,500 words). Choose only one topic for each paper. In your writing, focus on and make clear your major answers or ideas. Always try to present your answers in your own words. If you must use a quotation, enclose it in quotation marks and give its source. The written assignments take the place of a final examination in this course. Your final course grade will depend on your mastery of the material and your ability, originality, and depth in presentation in your written assignments.

Preparing Written Assignments

After you've completed all the reading for a particular unit you should be able to start the written assignment that you will submit for grading. Students in print-based courses have two options for submitting assignments: (1) submit electronically via our Independent Learning website (preferred method) or (2) submit assignments via postal mail.

To submit your assignment, follow the instructions below:

- **STEP 1:** Prepare your assignment in a word processing program (e.g. Microsoft Word). If you don't have access to a word processing program but would still like to submit a handwritten assignment using the process below you may do so as long as your scanned file type and size meet the criteria outlined in step 2.
- **STEP 2:** Save your assignment using one of the supported document file types: rtf, doc, docx, pdf. Make sure the file size does not exceed the 10MB limit. If your required scanned documentation is over 10MB please lower the settings on your scanner enough to meet the file size limit, while ensuring that the scan is still legible.
 - Be sure to save a copy of your assignment for your records.
 - Type your full name, course, assignment number and date at the top of your assignment document. Name your document file using your name and course (e.g. Doe.Jane.AmericanIndianLit.docx).
- **STEP 3:** When you've finished your assignment, return to the Independent Learning website (<https://il.wisconsin.edu>) and log into your Student Account. Access your Courses section, locate your print-based course, and follow the prompts to attach your assignment file. Alternatively, you may submit your assignment via postal mail to:
