

My Independent Learning (IL) Accounts

As an IL student, you have access to multiple accounts to manage your profile and course registration(s) and access and complete your online course(s). Use this sheet to help track your account credentials.

Your IL Student Account:

Where to access your IL Student Account: You can access your IL Student Account through the [Account Login Dashboard](#).

Who has access to it: All students who register for their IL course on our website will have an IL Student Account.

What I can do in this account:

- You can register for courses, request an extension, request official transcripts, view your final grades, request a course withdrawal, request to transfer from your IL course to another IL course, and request for special accommodations.
- You will create your own username and password for this site.

Your Online Course Account:

Where to access your Canvas Account: You can access your Canvas account through the [Account Login Dashboard](#).

What I can do in this account:

- This is where you access your online course content, complete assignments, and take assessments.
- When you first register, you will receive two emails. The first will have your Canvas username and the second will have a temporary password.
- For technical issues, please contact Canvas Tech Support by clicking the “Help” icon on the bottom left of your Canvas dashboard.
